

Waukeon 1964

In Los Angeles, Baldwin Hill Reservoir cracked, then broke releasing a torrent which wrecked hundreds of evacuated homes, but produced few casualties.

Sandy Koufax won two as the Los Angeles Dodgers beat the Yankees four straight for the world championship. At year's end, Koufax was named the league's Most Valuable Player. Right: James Whittaker of Redmond, Washington, became the first American to reach the top of Mt. Everest.

National Events

Quints were born in Aberdeen, S. D., and in Venezuela in the same week. Here two of the American quintuplets pose for pictures before going home.

Leaking gas exploded during the finale of an ice show in Indianapolis, killing and injuring many others.

Ransomed for \$240,000, Frank Sinatra, Jr. returned home safely two days after being kidnaped and posed with his sister Tina, left, and his mother, Mrs. Nancy Sinatra.

Accused slayer of President Kennedy, Lee Oswald, was shot fatally before national TV audience. Right: Mrs. Jacqueline Kennedy, Caroline and John, Jr. leave Washington for Christmas in Florida.

n Review—1963

President DeGaulle of France, saluting, stands with German Chancellor Erhard, right, and President Lübke, as some heads of state gathered in tribute to the late President Kennedy.

President Kennedy and then Vice-President Johnson (second from right) met with leaders of the August "March on Washington" dramatizing the nation's leading domestic issue in 1963.

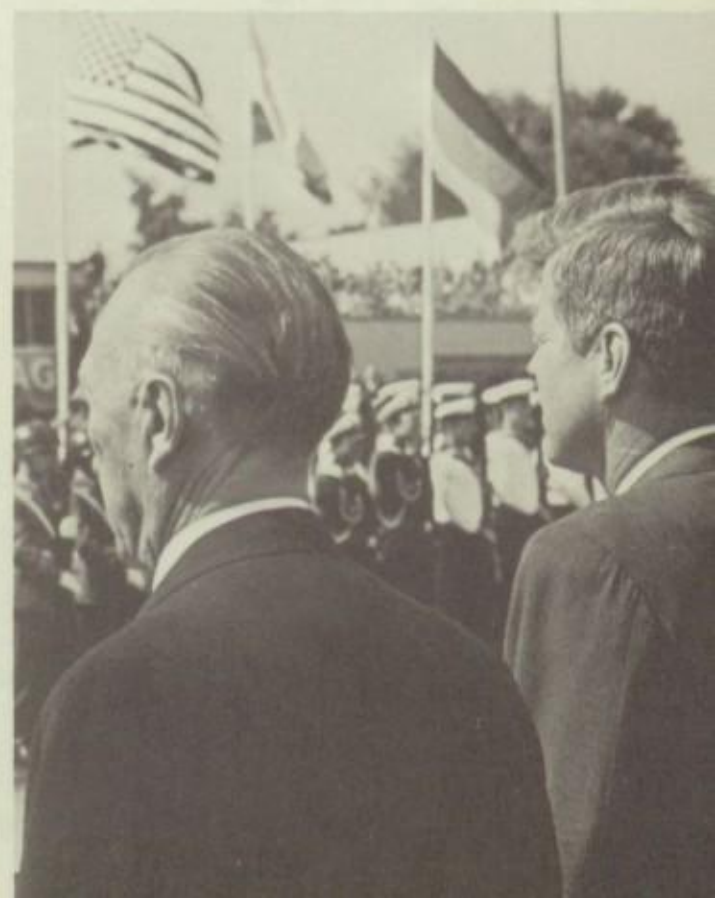

Major Gordon Cooper received the Distinguished Service Medal from President Kennedy at the White House in May, following Cooper's 22 orbit flight and manually controlled re-entry.

With the assassination of John F. Kennedy of Massachusetts, youngest president in U.S. history, the country lost a highly-regarded and remarkably capable statesman and administrator.

President Kennedy, and soon-to-be-retired, German Chancellor Adenauer met in Bonn during Kennedy's successful ten-day tour of Western Europe.

VOLUME XLIII

Future

Horizons

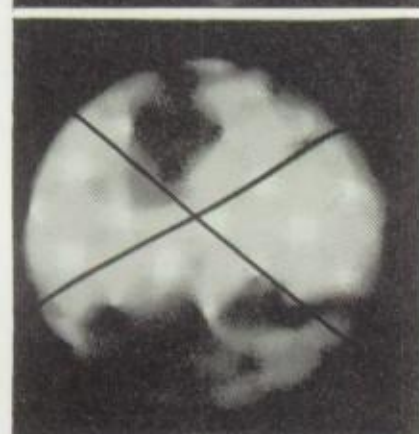

Where will the future horizons be for you in the coming years? To the underclassmen the future looks rather doubtful as it leads to another year in high school. Actually they have a lot to look forward to in new subjects, different activities, and exciting athletic events. To the graduating Seniors the horizon is very broad and challenging. The horizon is limitless with all the opportunities available to everyone. The theme of this 1964 yearbook is centered around the vastness of our universe which typifies the challenge of the future that we all face. Outer space and our future are unpredictable as well as awesome and inspiring.

ADMINISTRATION

Mr. McSweeney

MR. McSWEENEY'S MESSAGE

As your high school days draw to a close, you will be thinking back over the past years and recalling many of the fine memories. However, this must be tempered with a long, hard look at the future. Where do you go from here?

Life has much to offer, and as you step into adult life, you must be prepared to meet the responsibilities of the future and to be able to handle adversity and success in the same light.

How well you have equipped yourselves to meet life depends largely on how well you have utilized your time during these past years. Naturally it is the hope of all of us that your future will lead you to happiness and success.

My congratulations to the members of the graduating class of 1964.

"67"

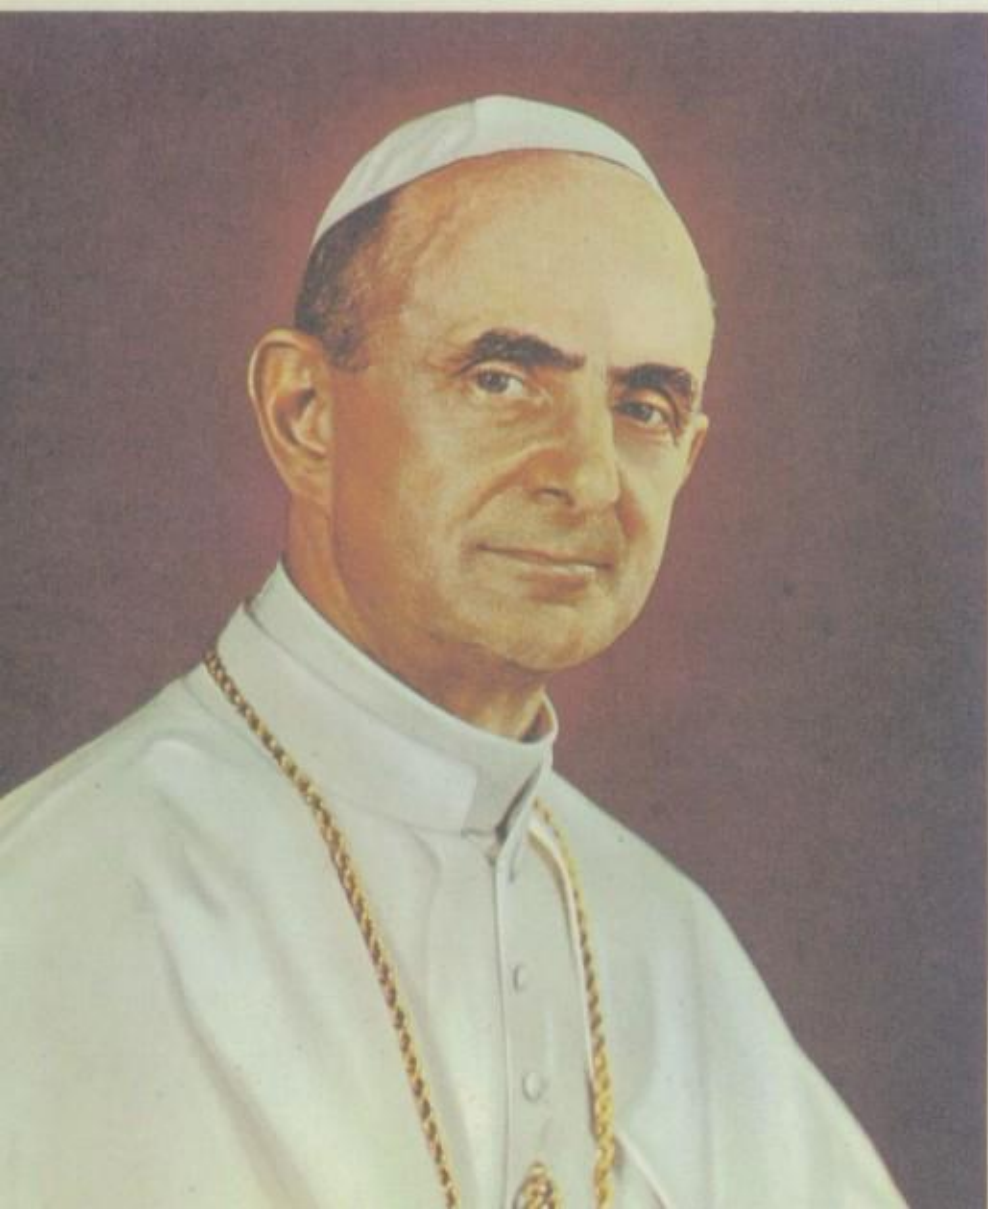

Above: A short step toward disarmament was taken with cautious optimism with the signing of the limited nuclear test ban treaty in Moscow. Seated: Sec. of State Dean Rusk, Andrei Gromyko, Lord Home. Premier Khrushchev stands behind Lord Home next to U.N. Secretary General U Thant, Adlai Stevenson and

U. S. Congressional leaders. Right photo: Red Chinese-Russian relations worsened during the year as they battled for leadership of world communism. This Moscow meeting between Mikhail Suslov, left, and Teng Hsiao-Peng in August failed to produce accord.

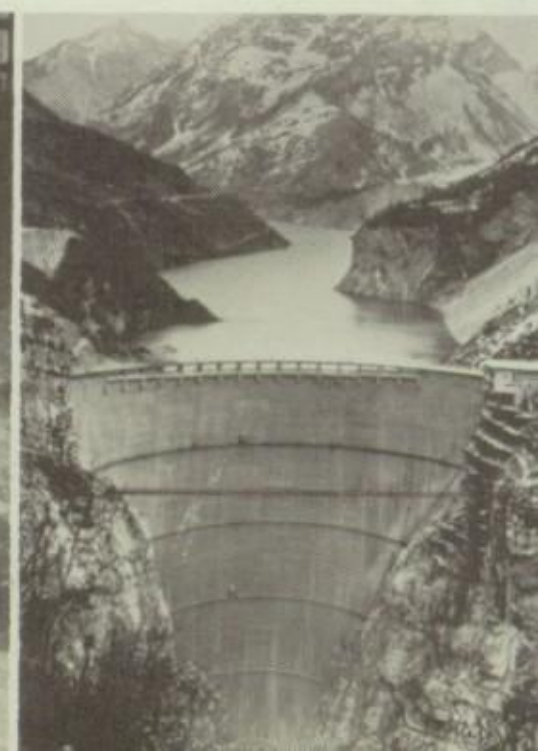

An unidentified priest went to the aid of a wounded soldier during a revolt in Venezuela. For this picture Hector Rondon won the 1963 Pulitzer Prize for news photography.

World Events in Review—1963

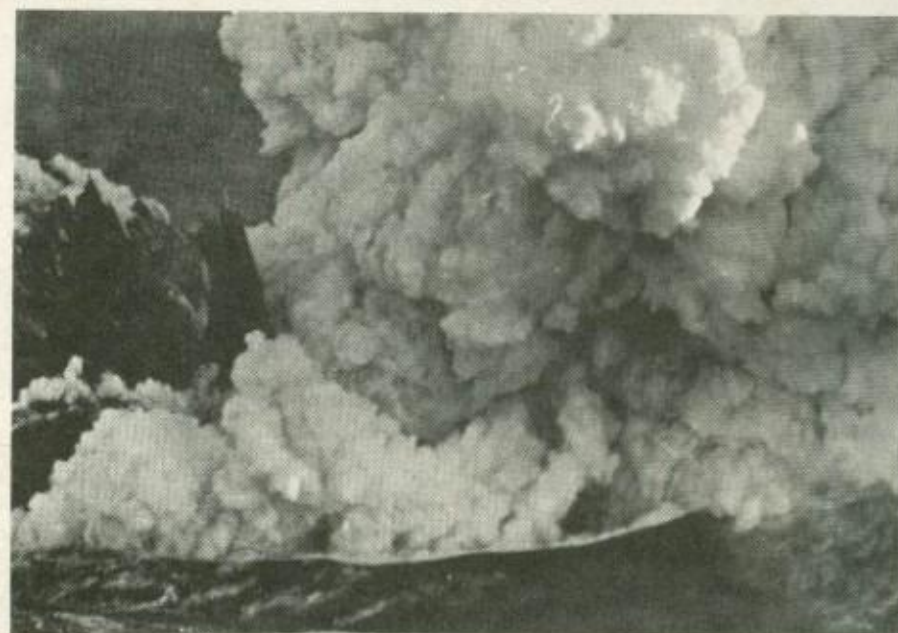

Pope Paul VI began his reign after the death of Pope John XXIII. Pope Paul reconvened the Ecumenical Council and at year's end planned an unprecedented journey to the Holy Land.

Left, below: Dr. Helge Ingstad, veteran Norwegian explorer found remains of a 9-house Viking settlement in Newfoundland dating 500 years before Columbus. Right: A huge landslide into Vaiont Reservoir in northern Italy sent a wall of water into the valley below destroying Longarone and killing some 3,000 people.

Above: Vietnamese tanks assaulted President Diem's palace during successful November coup which resulted in Diem's death. Meanwhile, (color) U.S. advisers continued working with Vietnamese troops in inconclusive fighting against Communist Viet Cong guerillas supplied from North Viet Nam.

A new island, 1/4 mile long and 130 feet high, was born off southern Iceland from an underwater volcano.

Britain's new prime minister, Sir Alec Douglas-Home, took office in November, after scandals shook Harold Macmillan's government.

East-West tension continued: left; Gen. Chong of North Korea levels a pistol at U.N. spokesmen during discussions of armistice-violating raids at Panmunjom. Right; Russian attempts to control Allied access to Berlin failed in the face of western unity. This American convoy had been delayed 42 hours en route to the city.
